Subject: RE: Travel Request for Gold King Mine

Luke,

I don't know anything more than what is in David's email below as to where I will be working. If I had to guess, I'd say I'll be in the Finance Unit coordinating funding requests from all the regions for submittal to HQ.

For now, I've scheduled for one week. Hopefully, I'll be able to wrap-up the finance and legal issues for the AM(s) in that time.

I have the 3 laptops and will round up the other requested equipment here shortly. I will also be bringing the Administrator's book that she left in the Governor's office this morning – though I'm not sure who I should deliver it to. I plan to arrive this evening and be available to report for work tomorrow morning. Call me if you need more info/detail. Thanks Luke, lw

Laura – I left you a vm in your office but following up through this email. A few things I have:

- What group will you be working with and did David order you up for the Area Command?
- How long do you anticipate being here?
- Needs: 3 laptops from bullpen (lying around or docked), AED on Jason Nakatsu's file cabinet chair in his office, 2 projectors (Melissa has one in her office and Kathie has one

behind her desk on the floor)

Call my cell if you need clarification.

Thanks a bunch and drive safe!

Luke

Subject: Travel Request for Gold King Mine

Phillip,

It looks like I'll be travelling to Durango. If possible, I'd like to leave late this afternoon and probably drive (Luke/Chris Freed have asked that I bring down some laptops). Please let me know if you feel this can be arranged or if I need to wait until tomorrow morning. Thanks, lw

Subject: Fwd: FYI: Information we are collating for Gold King Mine funding request

We have a finance unit set up here and need to collect all funding requests through the area command finance. Laura, I need you here to coordinate these issues. R6 and 9 will have similar issues and I need an area wide perspective on all finance and legal AM issues.

Subject: FYI: Information we are collating for Gold King Mine funding request

FYI, As discussed this morning, HQ has requested that we coordinate funding requests for Regions 6, 8, and 9 before moving forward with our request (we have given Lisa our R8 estimates). If you are able to coordinate the SOWs and associated cost ceilings for Regions 6 and 9 with your regional counterparts, that would be very helpful. Ben is coordinating the payroll and travel estimates.

I'd like to discuss funding, the AM, and old vs new TOs with you Steve. Please let me know when you have 30 minutes available to talk with Joyce and I. Thank you, lw

Subject: Information needed for Gold King Mine release

Ben and Laura-

Great discussion this morning. We have confirmed that the 9R funds can be used for payroll (YAY).

As you are gathering your estimates, please be sure to include what is listed below. OEM will need these estimates and timeframes before we can go forward to the Budget office.

- 1) the amount estimated for extramural for R8 and if this includes work in R 6&9, if not please include their estimates;
- 2) the amount estimated for overtime for R 6,8 & 9;
- 3) the amount estimated for site travel for R 6, 8 & 9;
- 4) Timeframes. If you can segment the work/ needed resources or estimate this much payroll, travel, contractor costs etc will get us through ?

Thanks

-lisa
